¹ Providers are not required to accept CareFirst’s Allowed Benefit on non-covered services. This means you may have to pay your dentist’s entire billed amount for these non-covered services. At your dentist’s discretion, they may choose to accept the CareFirst Allowed Benefit, but are not required to do so. Please talk with your dentist about your cost for any dental services.

² CareFirst payments are based upon the CareFirst Allowed Benefit. Participating dentists accept 100% of the CareFirst Allowed Benefit as payment in full for covered services. Non-participating dentists may bill the member for any amount over the Allowed Benefit.

³ The family deductible amount is calculated in the aggregate—no member charged more than individual deductible amount. In-network and out-of-network deductibles will be separate amounts.

Not all services and procedures are covered by your benefits contract. This plan summary is for comparison purposes only and does not create rights not given through the benefit plan.
